College Level	18 yrs older	Open	\$30.00	X \$30 =

Team Size- There is no limit on the size of dance teams.

Gender- All routines are open to females and males.

Categories- Please follow the guidelines listed below to see which category your routines fall into.

Jazz- Performance consisting of primarily jazz technique -kicks, leaps, turns, and tricks. Street “funk” can be included in this category if jazz technical skills are present.

Pom- Routine using pom technique –precise movements, visuals, and level changes. Technical skills can be included, but judging is primarily on pom technique. Poms need to be used 80% of the routine.

Open- This category is for all other types of routines. Please enter this category if you have an additional jazz routine, lyrical, hip hop, or any other style of dance. Routines that have combinations of styles are recommended to enter this category.

To **COMPLETE** this dance team division form, please highlight or circle the divisions you are entering and then put the total cost per squad in the spot allotted.

For gyms entering more than one dance division—please put all teams on one form. Team names will automatically default to your gym name listed on the registration form. If you have different names you would like to use for your teams, please attach a small note indicating how you want your team name to appear for each division.
